WORKING WITH US

Working with Us

Ditech Communications is always looking for energetic and talented people to add to our great team. Join us in applying our advanced technology to develop solutions that help our customers solve their voice quality problems profitably.

At Ditech, we understand that our employees are responsible for our success and we work hard to reward the contributions of our project teams as well as acknowledge individual accomplishments.

As a part of our innovative company, you'll apply your skill and knowledge to a wide range of projects that create real value for our customers in a team-empowered, solutions-focused work environment that encourages fresh ideas, new ways of thinking and diverse experiences.

Our Culture

Make An Impact. Those are the words we live by at Ditech Communications.

As a leading provider of communications equipment to operators who carry the world's most important calls, we come to work every day understanding that it is our job to find the right solutions for our customers. We recognize that everything we do has an impact and we approach our work with an attitude of innovation and determination to bring real value to our products and solutions. That means each day brings new challenges and opportunities for meaningful work for our team - the kind that makes a difference for our customers and our success.

Join us and you'll experience a culture where we:

- **Put People First** - Our employees are the source of our success and our most important competitive advantage, and we're determined to provide a work environment that supports achievement and diverse experiences in a team-oriented atmosphere.
- **Reward Achievement** - Ditech is a meritocracy where each person is recognized for their individual ability and their role in our success and is rewarded with highly competitive compensation and benefits.

Ditech wants job seekers to know that they are a great place to work. The BWC logo is in the Careers section of their Web site - where they describe their work environment and company culture

Beck, McDaniel to lead CUTR Advisory Board

John Beck

Bill McDaniel

John Beck has been elected Chair and Bill McDaniel has been re-elected as Vice Chair of the **CUTR Advisory Board** for 2005.

A member of the Board since 2001, Beck an attorney with Beck, Barrios and Malaney P.A. and serves as a consultant to state legislators and legislative committees in transportation-related areas. He has authored and contributed to several statutory revisions and serves as a consultant to statewide developers and petroleum and fast-food interests for their transportation needs. He served as General Counsel to the **Florida Department of Transportation** from 1981-1984, formulating and implementing statewide legal policies for the agency, drafting of high speed rail legislation, and supervising negotiations and litigation of the Sunshine Skyway Bridge, and is a member and lecturer for the Institute of Transportation Engineers and the Association of Transportation Practitioners .

Bill McDaniel, a member of the Board since 2001, is Vice President of URS, joining that firm in 1998 after a career of more than 30 combined years with the Florida Department of Transportation and Metropolitan Dade County Transportation Administration. During his tenure with FDOT, he held progressively responsible positions from Concrete Research and Materials Engineer to District Secretary for District 7 (five counties in the Tampa Bay area). In addition to his career with FDOT, McDaniel also was Director of Engineering for the implementation of Dade County (Miami), Florida 's "Metrorail" system and was a Design Engineer with the Boeing Company at Kennedy Space Center during the Apollo Program.

CUTR is extremely proud of their BWC status - they're using the logo on their home page!

The CUTR Advisory Board meets quarterly and is charged with periodically and objectively

TRP

Travel Reduction Program

If you're tired of fighting traffic on your work commute, take advantage of SRP's Travel Reduction Program and beat the Valley rush! When the Maricopa County Trip Reduction Program was initiated in 1988, SRP accepted the challenge to help clear the air. Since then, SRP has become a leader in travel reduction by going the extra mile to find innovative ways to reward employees who use alternate modes of travel.

SRP is proud to be one of the nation's "[Best Workplaces for Commuters](#)", an elite list that recognizes employers that are leaders in offering superior commuter benefits. We are pleased to have received this national designation from the United States Environmental Protection Agency for doing our part in reducing traffic congestion and air pollution and improving the quality of life for our employees. To learn more about this special designation, visit www.bwc.gov.

SRP is making the link between BWC and environmental performance, placing the logo in their Environmental Services section of their Web site.

Best Workplaces for Commuters

Wake County government is now a member of the Best Workplaces for Commuters program, an Environmental Protection Agency and Department of Transportation program aimed at improving the way people get to and from work. In order to keep our eligibility, Wake County will need to show in January 2006 that at least 14% of our employees get to work some way other than driving alone.

Among the benefits available to Wake County employees are the U-Pass program, subsidized use of Triangle Transit Authority bus passes and vanpools, the Triangle Transit Authority's Emergency Ride Home program and Vanpool/Carpool Matching Service plus preferred parking for carpools and vanpools in downtown lots. These benefits are outlined below.

Click a benefit to learn more:

- [U-Pass](#)
- [Triangle Transit Authority Monthly Bus Pass](#)
- [Triangle Transit Authority Vanpools](#)
- [Triangle Transit Authority Emergency Ride Home](#)
- [Downtown Parking Priority for Carpools/Vanpools](#)

Wake County uses the BWC logo to emphasize their commitment to the environment and introduce their commuter benefits program via their Employee Resources page.
